GOALS & OBJECTIVES

The **HIV and Hepatitis C- A Public Health Emergency of Nationwide Concern : Kentucky and Indiana’s Local Response** will characterize the HIV and Hepatitis C outbreak in Scott County in IN and regions within KY. The goal of the lecture is to review the epidemiology associated with the outbreaks in the two states and discuss the current control programs in Indiana and Kentucky.

Objectives:

Describe the characteristics and the populations most at risk for the substance abuse epidemic in Indiana and Kentucky
Overview of Indiana’s and Kentucky’s up-to-date initiatives to reduce the risk of similar outbreaks.
